INTRODUCTION

CORPORATE PLAN

The Corporate Plan 2018 - 2023 is Council's principal strategic document. It provides a framework for identifying the priority issues and outcomes. It guides how Council and its organisation will direct planning and resources to these issues and outcomes.

STATUTORY REQUIREMENTS IN CORPORATE PLANNING

The Local Government Act 2009 and Local Government Regulation 2012 require Council to consider its role in relation to the following matters when identifying the local and regional issues affecting its area:

- (a) development of art or culture
- (b) disaster management
- (c) economic development
- (d) environmental management
- (e) maintenance, restoration or replacement of infrastructure in its area
- (f) public health management
- (g) managing issues relating to the following:
 - (i) community development
 - (ii) human services
 - (iii) housing for people living in the area
 - (iv) population change.

A local government must, when identifying the local and regional issues affecting its area, have regard to any foreseeable future issues that may affect its area. Council has reviewed its role in relation to these matters during the plan's drafting stage and will address them through the strategies listed in this document.

MCKINLAY SHIRE

McKinlay Shire is the gateway to the Gulf of Carpentaria. The shire spans some 41,000 square kilometers and embraces the townships of Julia Creek and Nelia on the Flinders Highway, and McKinlay and Kynuna on the Matilda Highway.

Julia Creek is the main town, and is located approximately 650 kilometers west of Townsville and 225 kilometers east of Mount Isa. A rural and regional shire, McKinlay is home to a productive and innovative pastoral industry, as well as the world's richest single mine producer of silver, lead and zinc at Cannington, and a copper mine in Eloise.

The world's largest natural aquifer, the Great Artesian Basin, underpins and supports our community and the diversity of rich grazing lands and unique animal life the shire has to offer. McKinlay Shire has a proud history and flourishing industries, and is a close family community.

Looking into the future, it is set to enter a steady growth phase as more people discover this little gem of the North West.

OUR VISION AND MISSION

A SUSTAINABLE COMMUNITY

A great place to live with a well connected, strong, healthy and friendly community, McKinlay Shire will continue to sustain and grow as a place that represents the best aspects of outback living. McKinlay Shire supports a growing population to meet the key thresholds for social, health, education and commercial services and also underpins a sustainable, diversified rural economy. The community welcomes new industries that contribute to its overall vision and sustainability. Ongoing improvements to infrastructure, amenities and services will continue to improve the healthiness and quality of life for residents and make McKinlay Shire an increasingly attractive and connected place for residents, tourists and visitors. Through good governance and partnerships, we strive to achieve quadruple bottom line outcomes that maximise the social, cultural, environmental and economic benefits of all our future actions.

A well-managed shire

A focus on Council's leadership and management of the shire and its assets.

A sustainable environment

A focus on the shire's built and natural environments and supporting infrastructure.

A vibrant community

A focus on the health, wellbeing and general quality of life for the community.

A strong economy

A focus on economic development to create employment growth and opportunity.

Asset Management

Financial Sustainability

MESSAGE FROM MAYOR AND CEO

We are pleased to present the McKinlay Shire Council Corporate Plan 2018-2023 to our community and stakeholders.

It is a requirement that Council prepare a 5 year Corporate plan which outlines the future strategic direction of the McKinlay Shire.

This plan is a corporate response to meeting the medium and long term needs of the McKinlay Shire Community and addresses a wide variety of issues which are presented under themes in line with Council's organisational structure of; Governance and Partnerships, Economic Development, Engineering, Environment & Regulatory, Community Services and Corporate Services.

This plan is primarily the responsibility of Councilors, guiding decision making by current and future Councils. Furthermore it provides management with clear strategic directions on matters relating to planning, infrastructure, services and facilities. The identified strategies are addressed on a yearly basis through the Council Operational Plan and associated budget which is focused on the community's vision and priorities.

Council has taken great pride in the development of this Corporate Plan and is committed to meaningful communication and accountability to the community and therefore will report on its progress to the community each year in the Council Annual Report.

This Corporate Plan is a living document which will be reviewed regularly to ensure that it remains current and responsive to the views of the community enabling continued improvement and sustainability for the McKinlay Shire in a changing economic and social environment.

OUR ORGANISATION

ELECTED MEMBERS

The Current Council of McKinlay Shire was elected on 15th April 2020 and comprises of:

Councillor Tim Pratt

Councillor Shauna Royes

Councillor John Lynch

Councillor Janene Fegan

MANAGEMENT TEAM

Trevor Williams
Chief Executive
Officer

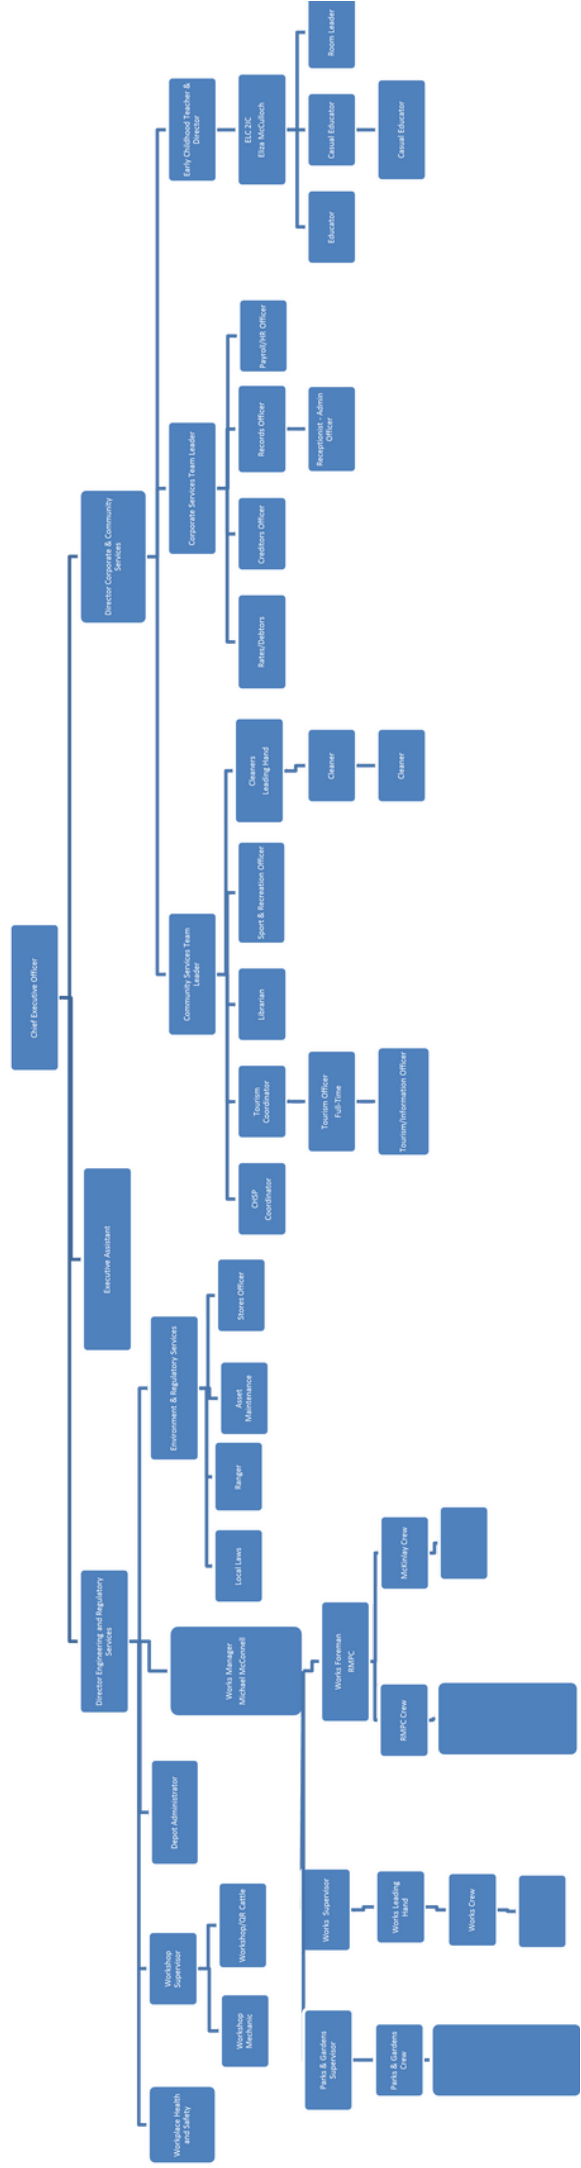

Cameron Scott
Director Engineering,
Environmental and
Regulatory Services

Tenneil Cody
Director Corporate
and Community
Services

OUR ORGANISATION

Our structure consists of various departments that contribute to McKinlay Shire Council's overall mission and goals. Works, Tourism, Finance, Accounting, Human Resource and Community Services are just a few departments that work within this structure that contribute to a successful Local Government.

CORPORATE PLANNING AND REPORTING FRAMEWORK

This Corporate Plan will guide Council’s decision-making for the next five years.

These Corporate Plan programs align to the responsibilities of Council’s administrative organisation, so that objectives of each of these programs and strategies adopted to achieve those objectives become the responsibility of Council’s Executive Management team.

Corporate Plan programs	Organisational structure
Governance & partnerships Economic development	CEO’s office

Shire infrastructure	Engineering and works
----------------------	-----------------------

Health, safety and development Environmental management	Environmental health and community law
--	--

Community services and facilities Corporate Services	Corporate & community services
---	--------------------------------

GOVERNANCE MODEL

This Corporate Plan is now a key component of Council’s governance model.

It is a coordinated and interlinked series of governance documents designed to drive the strategy formulation of Council.

It incorporates the:

- Corporate Plan
- Resourcing Strategy
- Workforce Plan
- Asset Management Plan
- Long Term Financial Plan.

OPERATIONAL MODEL

Each financial year, Council prepares an Operational Plan which outlines specific outputs, activities and measures in response to the Corporate Plan’s direction.

The Operational Plan subsequently provides direction to Council in respect to the annual budgeting process.

Reports that assess progress towards implementing the Corporate and Operational Plans are presented to Council at least every three months.

At the end of each financial year, Council’s overall performance against the Operational Plan and success to date in addressing the Corporate Plan outcomes are reported to the community via an Annual Report.

PROGRAMS AND STRATEGIES

The following pages outline the strategies Council intends to deliver over the next five years to help achieve the strategic goals of Council.

These strategies will be delivered through several identified program areas:

- Corporate Services**
- Community Services and Facilities**
- Economic Development**
- Engineering Services**
- Governance & Partnerships**
- Environment & Regulatory Services**

GLOSSARY OF TERMS

Program: The particular outcome areas of the Corporate Plan where common or related functions and activities can be planned and executed in a coordinated manner. These activities are usually, but not always, contained in the same management area of the Council's organisation.

The term 'sub-program' is used to describe a logical subdivision of the program area.

Objective: The result that Council's activity in the program area is designed to produce.

Key strategy: The particular direction Council will seek to follow to achieve its objectives in a program area.

The following programs and their related sub-programs and key strategies will guide Council and its organisation in directing planning and delivery efforts over the next five years.
