2023 – 2024 REVENUE POLICY

1. POLICY PURPOSE

Under the *Local Government Act 2009*, the Council is required to review and adopt a Revenue Policy for each financial year. The Revenue Policy is a component of Councils financial management system and is intended to be a strategic document. This policy will be of interest to ratepayers, federal and state departments, community groups and other interested parties seeking to understand the revenue policies and practices of Council.

2. SCOPE

This policy sets out the principles that Council intends to apply for the financial year for:

- Levying rates and charges;
- Granting concessions for rates and charges;
- Recovering overdue rates and charges; and
- Cost-recovery methods

The policy also highlights if the Council intends to grant any concessions for rates and charges and the purpose of those concessions. Further, it stipulates the extent to which physical and social infrastructure costs for new development are to be funded by charges for the development.

3. POLICY CONTENT

3.1 Principles used for the Making of Rates and Charges

Council makes rates and charges to fund the provision of valuable services to our community. In adopting its annual budget, Council may make rates and charges at a level that will provide for both current and future community requirements.

Representation – Council will act in the interest of the whole community that it serves taking into account all matters relevant to the making of the rate or charge.

Transparency – Council will be transparent in its revenue raising activities and will endeavor to use systems and practices able to be understood by the community.

Accountability – Council will be accountable to the providers of funds to ensure those funds are applied efficiently and effectively to satisfy the objective for which the funds were raised.

User Pays – where applicable Council will apply the principle that customers pay for the services they use.

3.2 Principles used for the Levying of Rates and Charges

In accordance with *Section 94 of the Local Government Act 2009* Council must levy general rates and charges on all rateable land within McKinlay Shire.

In Levying of Rates and Charges, Council will apply the principles of:

- Consistency by scheduling the issue of rate notices that include the date the notice was issued, the date by which time the rate must be paid and any discounts, rebates or concessions applied on a six-monthly basis during the periods 01 July to 31 December, and 01 January to 30 June in the respective financial year.
- Timing the levy of rates to take into account the financial cycle of the local economic activity in order to assist smooth running of the local economy.
- Equity through flexible payment arrangements for ratepayers with lower capacity to pay.
- Making available the following methods of payment:
 - Cash or cheque payments at the Shire Administration office
 - Cheque or money orders via mail
 - BPAY
 - Direct Deposit
 - EFTPOS

3.3 Principles used for the Recovery of Overdue Rates and Charges

In accordance with *Section 132 of the Local Government Regulation 2012*, Council will exercise its rate recovery authority in order to reduce the overall rate burden on ratepayers.

Council will also be guided by the principles of –

- Transparency by making clear the obligations of ratepayers and the processes used by Council in assisting them meet their financial obligations.
- Making the processes used to recover outstanding rates and charges clear, simple to administer and cost effective.
- Flexibility by responding where necessary to changes in the local economy.

3.4 Granting Concessions for Rates and Charges

In accordance with *Section 119 of the Local Government Regulation 2012*, Council may grant a rate payer a concession for rates or charges.

In considering the application of concessions, Council will be guided by the principles of:

- The same treatment for ratepayers with similar circumstances.
- Transparency by making clear the requirements necessary to receive concessions.
- Flexibility to allow Council to respond to local economic issues.

In accordance with the above principles, Council may grant a concession for the owner categories and properties used for the listed purposes:

- Pensioner Concession – eligible pensioners as defined in Schedule 8 of the *Local Government Regulation 2012* may be granted a concession on general rates.
- Non-Profit Community Organisation Concession – the purpose of these concessions is to encourage and support not-for-profit and charitable organisations where the land use is considered to contribute to the health and well-being of the community and the social enrichment of residents.
- Special Concessions – maybe considered in accordance with Section 120 (1)(c) of the *Local Government Regulation 2012* in, amongst other things, the event of a declared natural disaster where the Council may consider rates or charges in accordance with Section 121 of the *Local Government Regulation 2012*.
- Other Concessions – Council will receive and consider applications from ratepayers where Council is satisfied that the application meets the eligibility criteria as stipulated in Section 120 of the *Local Government Regulation 2012*. Applications for concessions under this section will be considered and determined by Council on a case by case basis.

3.5 Cost Recovery Methods

In accordance with the *Local Government Act 2009 Section 97*, Council may under a Local Law or by resolution fix a cost-recovery fee.

Council will apply, as a minimum and as far as practicable, the principle of full cost recovery (including overheads) in setting charges for services and facilities.

Council may give consideration to charging at less than the full cost of the service / facility when it considers it appropriate to do so in order to achieve social, economic, environmental or other corporate goals.

3.6 Funding of Physical and Social Infrastructure

To minimise the impact of physical and social infrastructure charges on the efficiency of the local economy, Council will be guided by the principle of user pays in making of physical and social infrastructure charges for new development, to the extent permissible by law. Council may depart from applying this principle if it is determined by Council that it is in the community interest to do so.

2023 – 2024 DEBT POLICY

POLICY PURPOSE

The purpose of this policy is to ensure the sound financial management of Council's existing and future debt.

This policy applies to the 2023/24 financial year and may be amended as budget assumptions change during the year.

SCOPE

Pursuant to *Section 192 of the Local Government Regulation 2012*, Council must prepare and adopt a debt policy for a financial year. The debt policy must state the new borrowings planned for the current financial year and the next nine (9) financial years; and period over which Council plans to repay existing and new borrowings. Furthermore, Council's borrowing activities are governed by the *Statutory Bodies Financial Arrangements Act 1982*.

POLICY CONTENT

Borrowing Purposes

Borrowings will only be used to finance capital works that will provide services now and into the future. No borrowings will be used to finance recurrent expenditure and the operational activities of the Council.

When seeking funding for capital works Council will, wherever possible, use its existing cash reserves. The use of any existing cash reserves will be subject to maintaining all relevant financial ratios and measures within adopted targets.

Council recognises and accepts that infrastructure demands placed upon the Council can often only be met through borrowings, but will always be mindful of the additional cost incurred by the community when assets are acquired through borrowings, which increases the cost of providing capital infrastructure.

Council will endeavour to fund all capital renewal projects from operating cash flows and borrow only for new and upgrade capital projects.

Where borrowing is constrained, borrowings for infrastructure that provides a return on capital will take precedence over borrowings for other assets.

Date of Approval: 18 July 2023
Approved By: Council Resolution

Effective Date: 01/07/2023
Version: 1.0
Review Date: June 2024

2023 – 2024 DEBT POLICY

The Council will follow a policy of full debt disclosure in all relevant financial reports. Council will maintain close scrutiny of its level of debt to ensure its relevant financial sustainability indicators will not exceed the minimum limits recommended by the Queensland Treasury Corporation.

Borrowing Sources

Council shall raise all external borrowings at the most competitive rates available and from sources as defined by legislation. In essence, debt is to be raised through Queensland Treasury Corporation, unless Treasurer's approval is received to raise debt elsewhere.

Debt Term

When Council finances capital projects through borrowings, it will repay the loans in a term not exceeding the life of those assets and in accordance with Queensland Treasury Corporation's borrowing guidelines.

Council will continue to discharge this debt in the shortest possible time subject to overall budgetary constraints.

Proposed Borrowings

Council has no planned new borrowings for the 2023/24 financial year.

Total borrowings as at the end of each financial year over the next ten years are expected to be in the order of:

2023/2024	\$0.00

- (ii) Council may accept a tender, quote or offer from a local supplier in preference to a comparable tender or offer from a non-local supplier even if the tender or offer from the non-local supplier has been assessed as more favourable in terms of one or more of the assessment criteria applied (including but not limited to price), so long as the overall differences are not substantial, and so long as it is clear that the selected local supplier can meet Council's requirements at an acceptably high standard which is generally comparable to that of other offers.

Council applies Chapter 6 Contracting, Part 3 Default Contracting Procedures (sections 223-238) of *the Regulation* to its Procurement Procedures.

4.8 Contracting value thresholds

The Regulation identifies two thresholds that will determine the procurement process that must be adopted. Those thresholds identify:

- A “medium-sized contractual arrangement” is any contractual arrangement with a supplier that is expected to be worth, exclusive of GST, \$15,000 or more but less than \$200,000 in a financial year or over the proposed term of the contractual arrangement.
- A “large-sized contractual arrangement” is a contractual arrangement with a supplier that is expected to be worth, exclusive of GST, \$200,000 or more in a financial year or over the proposed term of the contractual arrangement.

Council will comply with section 224 (4) of *the Regulation* which states that the expected value of a contractual arrangement with a supplier for a financial year, or over the proposed term of the contractual arrangement, is the total expected value of all of the local government’s contracts with the supplier for goods and services of similar type under the arrangement.

4.9 Exceptions for medium-sized and large-sized contractual arrangements

If one of the exceptions applies and that exception is approved by the Chief Executive Officer, Council may enter into:-

- (b) a large-sized contract without first inviting written tenders

for the supply of goods and services.

The exceptions are:-

- a) Council decides by resolution, the preparation of a **quote or tender consideration plan** in accordance with the requirements of section 230 of *the Regulation*; and
- b) entering into a contract if the contract is made with a person who is on an **approved contractor list** established by Council in accordance with the requirements of section 231 of *the Regulation*; and
- c) entering into a contract if the contract is entered into with a supplier from a **register of pre-qualified suppliers** established by Council in accordance with the requirements of section 232 of *the Regulation*; and

- d) entering into a contract for goods or services if the contract is entered into with a preferred supplier under a **preferred supplier arrangement** that is made in accordance with the requirements of section 233 of *the Regulation*; and
- e) entering into a contract under an **LGA arrangement** established in accordance with the requirements of section 234 of *the Regulation*; and
- f) entering into a medium-sized contract or a large-sized contract in accordance with the requirements of section 235 of *the Regulation* if:-
 - I. Council resolves that it is satisfied that there is only one supplier who is reasonably available; or
 - II. Council resolves that, because of the specialised or confidential nature of the services that are sought, it would be impractical or disadvantageous for Council to invite quotes or tenders; or
 - III. a genuine emergency exists; or
 - IV. the contract is for the purchase of goods and is made by auction; or
 - V. the contract is for the purchase of second-hand goods; or
 - VI. the contract is made with, or under an arrangement with, a government body.

4.10 Low value contracting

Low value contracting is any “one off” procurement below \$15,000 (excluding GST). Council requires that these Procurements be carried out in accordance with the Sound Contracting Principles and the procurement delegations and procedures in place for the completion of these “one off”, low value and low risk procurements. For purchases under \$5,000 one verbal quotation be obtained and purchases between \$5,000 and \$15,000, two verbal quotations be obtained before the procurement is finalised.

5. POWERS TO DELEGATE

As per sections 257 of *the Act* Council delegates the Chief Executive Officer (CEO) as the authority to incur financial expenditure on behalf of Council under the following provisions:-

- a) Where expenditure has been provided for in Council’s Annual Budget in accordance with the requirements of section 238 (2) of *the Regulation*.
- b) The expenditure action has been taken because of genuine emergency or hardship.

As per section 259 of *the Act* the CEO has delegated these powers onto appropriately qualified Local Government Employees. These delegations are recorded in the Procurement Procedure and the delegations register maintained by the CEO.

6. UNAUTHORISED SPENDING

As per section 173 of *the Regulation* Council may only spend money in a financial year if it is adopted in the budget for the financial year; or before adopting its budget for the financial year, if it then provides for the spending in the budget for that financial year.

Council may spend money, not authorised in its budget, for genuine emergency or hardship. In this instance Council must make a resolution about spending the money, either before, or as soon as practicable after, the money is spent. The resolution must state how the spending is to be funded. If Council's budget for a financial year is amended after the money is spent, the amendment must take the spending into account.

7. PUBLISHING DETAILS of PARTICULAR CONTRACTS

As soon as practicable after entering a contract worth \$200,000 or more, the relevant details of the contract must be published on Council's website and must be included in the register of contracts over \$200,000 available at Council Administration Building reception.

Relevant details include the person with whom Council has entered the contract, the value of the contract and the purpose of the contract.

8. DEFINITIONS

Contract means a contract (including purchase orders) for:

- (a) The supply of goods or services; or
- (b) The carrying out of work; or
- (c) The disposal of non-current assets.

In this instance, the term does not include a contract of employment between Council and a Local Government Employee.

Sound Contracting Principles means the principles provided as per section 104 of *the Act*.

Local Government Employees means the chief executive officer or an employee of McKinlay Shire Council holding an appointment under the adopted organisational structure who undertakes Procurements.
