JULIA CREEK CONSUMER ADVISORY NETWORK (CAN)

COME AND ENGAGE WITH THE JULIA CREEK MPHS

THERE IS AN OPPORTUNITY AT JULIA CREEK MPHS CONSUMER ADVISORY GROUP (CAN) TO NOMINATE AS THE FOLLOWING:

- CHAIR
- VICE CHAIR
- COMMITTEE MEMBER

This allows the consumers to partner with NWHHS and Julia Creek MPHS to help co-design services, provide feedback on health plans and initiatives and review publications.

We're particularly looking for new consumers to join our Consumer Advisory Networks which meets quarterly to discuss the health needs of the community and hear from Executive members and NWHHS staff about current issues and opportunities.

Consumer advisory bodies provide valuable feedback to governing bodies about the quality of care and services they deliver. They help build a person-centred culture committed to quality health care.

Patient Travel Subsidy Scheme

The Patient Travel Subsidy Scheme (PTSS) provides financial assistance for patients who are referred to specialist medical services not available at their local public hospital or health facility. Eligible patients can apply for a subsidy to assist with travel and accommodation costs of accessing specialist medical services.

Patients approved for PTSS will receive a subsidy to attend the **closest** public hospital or health facility where the specialist medical treatment is available. Patients travelling to access private specialist services may be eligible for a subsidy if the service is not available within 50 kilometres of the patient's closest public hospital or health facility.

The Scheme is Queensland Government funded and administered through Queensland Health. It aims to support Queenslanders to access specialist medical treatment wherever they live in the state.

1. Complete Form A – to register for PTSS
